The Fundamentals of Training is the FIRST part of the three-part train-the-trainer continuum (T3, or T-Cubed) in Boy Scouts of America. The course introduces teaching techniques and skills to new Scout trainers but is also designed to help all Scouters, regardless of their experience, present effective training. Intended for both youth and adult trainers, the course will help those who might have trained for other organizations learn the BSA's training techniques, and it will help freshen up the skill of current BSA trainers.

Who should attend: This course is open to all Youth and Adults registered in Boy Scouts of America. You should attend if you are a unit trainer, if you are a District and/or Council Trainer or would like to be a volunteer for one of these positions.

There is no cost for this training, but pre-registration is required to ensure that there are adequate materials for all participants
